

**GEU-1: Introduction to Globus Toolkit**

**2 March 2006, 1300 - 1600 hours**

**Objective of Course:**

To provide grid administrators the capability to setup and maintain a Globus Grid resource and how to integrate it with the National Grid Pilot Platform (NGPP).

**Course Outline:**

- The Globus Toolkit
- How to setup a Globus Grid Node
  - Basic software required
  - Setting up the CA (if required)
  - Setting up Globus Toolkit
  - Additional software (e.g. NWS, MyProxy, Condor-G)
- Integration with NGPP

**Audience:** Grid Administrators

**Instruction Type:** Workshop

**Prerequisites for this workshop:**

- a) Must have attended Course C1, or
- b) Have relevant experience in the area covered by the course. Determination of relevance of experience will be assessed by the NGCC team, and will be handled on a case by case basis.
- c) Must bring along a laptop with at least 512MB RAM**

**No Show Fee:** A charge of \$50 will be levied if the attendee does not turn up for the course, or cancels his application for the course within 24 hours from the start time.

This is a FREE course that is opened to attendees from stakeholders and industry for a limited period. Registration is on a first-come-first-served basis as seats are limited.

Date : 2 March 2006  
 Time : 1300 to 1600 hours  
 Venue : The Big One, 21 Heng Mui Keng Terrace, Singapore 119613
